Section 2. The term of office for each of the aforementioned positions begins with the start of the academic school year.

Section 3. Senate members are distinguished by their ability or inability to vote. Voting privileges are extended to all members of Senate except Executive Board officers. In order to refrain from undue influence toward motions and proposals put before Senate, the SGA Executive Board will not vote unless there is a tie, in which case, all the Executive Board

officers can vote except the President. If a tie vote still remains, only then can the President vote.

Section 4. The Dean of Students will serve as advisor from a Student Affairs perspective, represent Senate to the administration, and will either personally attend or send a representative from the Student Affairs staff to report at the weekly Senate meetings.

#### **ARTICLE IV**

##### **Meetings and SGA Sponsored Events**

Section 1. Senate will meet every Wednesday night at 6pm in a designated location. In addition, they will be expected to adhere to the SGA attendance policy.

Section 2. Special meetings will be called at the discretion of the President, or in absence of the President, the Vice-President.

Section 3. A quorum shall consist of 2/3 of elected voting members, or a proxy when applicable. There must be a quorum in order for Senate to conduct a meeting. To discourage absences, attendance shall still be taken in the absence of quorum and any penalties for excessive absences shall still apply (see Article IV, Section 4).

Section 4. All members of Senate are required to adhere to the adopted Attendance Policy.

a) In the event that it is necessary for a Senate member to be absent from a scheduled meeting, they should report it to the President or Secretary by 5pm on Tuesday.

b) If a Senate member is to be absent short-term (two to four **consecutive** meetings) for any reason, they should arrange for one designated replacement from their organization to attend the meeting. Nevertheless, this replacement is not allowed to vote; their purpose is to gather any pertinent information in the absence of the regular Senate member to report back to their organization.

c) In the event of a long-term absence from SGA weekly meetings (an entire semester missed because of class ONLY), the affected Senate member shall no longer hold a position on SGA for that year.

1. This rule only extenuates to Senate members not directly elected to SGA, namely class presidents, diversity organization presidents, and major board presidents (see Article III, Section 2 of SGA Constitution).
2. This replacement must be a member of the executive board of the class or organization being represented in the position and will be permitted to vote during SGA meetings.
3. SGA Executive Board needs to be notified **in writing** within first three meetings.
4. This arrangement is contingent upon the fact that the Senate member is still responsible for all other duties pertaining to their Presidency.

d) Each member is allotted three absences (excused and unexcused) per semester from SGA meetings

e) Whether an absence is excused or unexcused is ultimately left up to the discretion of the SGA Executive Board. However, excused absences shall always include (but not be limited to) the following:

1. Moderate to severe illness (fever, contagion, etc.; Senate members should judge the severity of their illness reasonably)
2. Unexpected and unavoidable work obligation of which no prior notice(at least 24 hours) could be provided
3. Required event for academic classes (such as field trips, an exam, professor- mandated activities or preparation for an exam, etc.)

Section 5. At the first meeting of each academic semester, every Senate member will be required to sign a contract indicating the following:

1. They has read, does understand, and will comply with **all** aspects of the SGA Constitution and Senate By-Laws.
2. They will carry out the responsibilities for their position as outlined in the Senate By-Laws. Additionally, they have had the opportunity to discuss any questions regarding their position's duties with the SGA Exec Board.
3. They understands that should they fail to fulfill their responsibilities and/or exceed the number of allowed absences that they may be dismissed from Senate. However, the possibility of a written and verbal appeal to SGA Exec in a closed session is guaranteed to the offending Senate member. Also the Senate member has the right to be given an ad-hoc committee if they feels that the executive committee has not been impartial in their decision. The ad hoc committee will consist of 5 randomly selected voting members of Senate and 2 non-voting members (Eg: the Secretary and President of SGA).
4. Appeal Process: Once notified of dismissal from SGA, the member must submit a written appeal and set up a meeting time with the exec board to go before them and discuss their case.

Example of written appeal (please do not copy and paste):

*I hereby appeal to SGA executive board for my seat on Senate. I understand that I have missed turning in board reports for the past two weeks. As any one of you could empathize, I have been extremely busy and missed one week's meeting (and board report) altogether because I was ill. However, there is no excuse for failing to do such a simple task. Thus, I will accept any sanctions your board deems appropriate. If you want to speak to me in person, contact me via phone or e-mail to arrange a meeting time.*

This should be emailed to the entire exec board of SGA.

After meeting with the Exec Board they will notify the member within a week of their decision. If the appeal is approved by Exec Board the member will continue their duties on SGA. If the appeal is denied by the Exec Board, the member must pass on all written materials given by SGA to their vice president/co-chair, etc.; Must give back the office key (if there is one) to the Director of Student Activities immediately after notification of final dismissal, and must discontinue all planning, activities, and responsibilities for that particular office. Also if appeal is denied, member cannot run for re-election for the next academic year.

Section 6. Senate members are required to send in weekly board reports to the SGA Secretary so that it may be included in the meeting agenda. This includes the SGA Executive Board, Major Board Presidents, Class Presidents, and Committee Chairs.

- a) All board reports are due **no later than Tuesday at 12am** prior to the meeting.
- b) A board report should include any pertinent information from the organization or board which needs to be shared with SGA (i.e. important dates, reminders, etc.).
- c) If the Senate member forgets to email the Secretary their board report by the designated time, the Senate member shall lose their speaking privileges at that week's meeting.

## ARTICLE V Elections Procedure

Section 1. A student's candidacy for office may be declared by self-nomination. Election information including name, class, reasons for running for nominated position, and a statement of qualifications (henceforth referred to as an election card) should be submitted through an online google form or emailed to [elections@wesleyancollege.edu](mailto:elections@wesleyancollege.edu). Candidates' information provided on their election cards must have a minimum of 100 words and may not exceed 300 words.

Section 2. When a student submits their election card, they do so with the understanding that the Executive Board will submit a list of all candidates for verification of academic and qualification requirements to the Director of Student Activities.

Section 3. First year students are not permitted to hold more than **one** position the Fall of their first year. This includes positions elected through SGA election as well as non-elected major board positions.

Section 4.

- a) Election cards must be turned in by the deadline specified by the SGA Executive Board.
  - If the individual does not meet the deadline, they will not be eligible to run in that Election.

Section 5. If a student wishes to run for a vacated position on a board and they already hold a position on said board, as a condition of their self nomination they must vacate their previous position on the board when they turn in their elections card. Thus, the submission of the elections card is done with full understanding by the candidate that they have vacated their old seat on the board and is petitioning to be elected to a new seat.

Section 6. A student may ask the SGA Exec Board to run as an exception in the case they are technically ineligible and/or there is no one running for the position. Whether the student is allowed to run will be determined at the discretion of the SGA Executive Board.

Example: To SGA exec,

I would like to ask for an exception to the rule of our organization/ board constitution that I am allowed to run for organization/board president. I believe I am qualified for several reasons. Give examples of why you are qualified. I hope that you can see that I want this position that I am qualified, and I will work hard to fulfill my responsibilities. I have learned from my positions (list other positions) that give my qualities to be a great leader for this organization.

Thank you for your time,

Signature

Section 7. Ballots must be posted before the student body at least 24 hours prior to the election itself.

Section 8. Fifty percent plus one of the votes constitutes a majority and a valid election consists of a majority of votes cast to approve a candidate for office. Even if only two people run, the winner will be the student with fifty percent plus one of the votes.

Section 9. If a candidate in any election does not receive a majority, a run-off between the two candidates obtaining the highest number of votes must be held. In the run-off election, the student receiving the greatest number of votes is elected.

Section 10. All student votes will count equally in all elections, lest they be determined to be invalid (see Article V, Section 11).

Section 11. No-votes shall be counted in the total number of votes cast for a position. This number added to the number of votes cast for a candidate(s) will be used as the total to determine if fifty percent plus one votes has been acquired.

Section 12. (If applicable for the election season) Students requesting an absentee ballot must contact the Treasurer at least 24 hours prior to an election. Absentee ballots are due to the Treasurer of SGA.

Section 13. The election process will be overseen by the Treasurer unless they are listed as a candidate on the ballot, in which case, another member of the exec. board will take over the responsibilities of overseeing the election. In the event there is not a Treasurer of SGA at the time of an election, a SGA Executive member will oversee the election results.

Section 14. Senators must volunteer to sit at the elections table. Candidates may not sit at the elections table except in cases of emergency. Any student, while serving at the elections table, is not allowed to campaign or make any comments or remarks concerning any candidate that is on the ballot (see Article V, Section 15).

Section 15. Campaigning by candidates is allowed from the the election card submission deadline to the voting deadline. In the case of a run-off, campaigning is permitted from the

announcement of the runoff till the deadline for runoff voting. All campaigning must be approved by an executive SGA member.

Acceptable campaigning is defined as

1. Campaigning involving the following campaign strategies: Social media posts, verbal communication, and tabling. A maximum of five flyers (8.5" x 11") will be allowed in the candidates dormitory with the permission of the RA.

Unacceptable campaigning is defined as:

1. The distribution of objects in return for a vote.
2. Usage of school-designated media such as StudentNews, WesStudents, the Wesleyan College Bulletin Board or any other source.
3. The soliciting, or use, of any individual to campaign for a candidate. This applies to verbal and social campaigning.

Section 16. If a student is found, by the SGA Exec Board, to have campaigned in any unacceptable way, then they will automatically be removed from the ballot and will not be eligible to run in the next election. (See Article V, section 15).

Section 17.

a) As part of the election card, candidates must upload a one minute campaign video by the election card deadline. The videos will be made available to view to the student body at least 24 hours prior to the voting period. Failure to submit a video by the deadline will result in removal of the candidate from the ballot.

b) Candidates will also be required to attend a mandatory elections meeting about qualifications, campaign rules, and elections processes as determined by the elections chair or executive board member.

c) In the event that a candidate is unable to attend the mandatory elections meeting, they must notify the Treasurer or SGA Executive Board before the start of the meeting. Failure to attend the meeting without prior notice to the Elections chair will result in the removal of the candidate from the ballot.

Section 18. If a candidate has an objection to the process followed in an election or with the election results themselves, they must notify the Treasurer of SGA and the SGA President in the form of a written petition within one week from the day the election results are posted.

- a) Within one week of receiving the petition, the Treasurer of SGA and the remaining SGA Executive board will decide upon the validity of the petition. An election cannot be declared invalid unless a documented election rule has been broken.
- b) If the petition is found to be valid, then it will be placed on the Senate agenda. At that time, Senate may vote to: 1) demand a review of the Electoral Process, or 2) declare the results of an election null and void and direct the Treasurer and the SGA Executive Board to hold another election with a legitimate candidate list based on the election cards submitted before the deadline established for that election. In the event that another

election with a legitimate candidate list is held, two voting members of the SGA & the SGA Executive Board must be present at the tabulation of the votes. The results of the re-vote are final.

Section 19. Amendment Procedure involving the Elections Committee is given under Article VII of the Senate By-Laws.

Section 20. At the conclusion of the election result contestation period, should there be no pending contestations (see Article V, Section 18), all marked election ballots must be destroyed by either shredding or off-campus recycling (should there be a paper election).

Section 21. Elections for STUNT are excluded from this process. The following process will be used:

  2. The elections will be done blindly, by show of hands. A member of the STUNT Executive Committee will be present to take count.

- a) Speeches will be presented at a Senate meeting by the candidate regarding their reasons to run for the position.
